GANG'S STRENGTH SAPPED.

SPECIAL GRAND JURY OVERTHROWS A CORRUPT POLITICAL RING.

Forty-seven Members Indicted and the Good Work Has Only Begun-Resume of the True Bills Already Returned.

While the grand jury, which has done so much hard and effective work in the investigation of the notorious frauds perpetrated by and in the interests of the gang at the election in last November, is resting temporarily from its labors in that directive. tion, it has not by any means completed the work, and members of the gang who have thus far escaped indictment for their crimes need not be in a hurry to con-

crimes need not be in a hurry to congratulate themselves.

The grand jury will be busy for a little
while on cases of abother nature, but the
election cases will soon be taken up again
and every case will be probed to the bottom. Attorney Neal said yesteriay that
although a tremendous lot of ground had
already been covered by the investigation
the work in his estimation was only fairly
begun and the number of indictments returned would be small the comparison with begin and the number of indictments re-turned would be small in comparison with the total number. Mr. Neal said that many of the vilest of the plante spots had hardly been touched as yet for lack of time, but that all would receive attention in the time.

time, but that all would receive attention in due time.

The grand jury is entitled to much credit for having made a spiculal record and Judge Wofford did not mass it when he said that every member was entitled to the thanks of the people of Jackson county for the manner in which the work was done. The grand jury struck the first blow ever aimed at the organized gains of political criminals who for years made elections if Kansas City a farce. Leaders and tools who were engaged in the foul work of last November have been indicted and must answer for their crimes. A blow has been struck at the gang, which means its death.

has been struck at the gang, which means its death.

A resume of the work accomplished by the grand Jury and Assistant Prosecuting Attorney Neal, who had charge of it, shows that not less than forty-seven violaters of the election laws have been indicted and that against these forty-seven men over eighty indictments have been returned.

The Second ward, which, with its barely 400 legal voters, returned a musority for the gang toker of nearly 1,200, proved to be the most fruitful field for investigation and the drag net of the grand Jury male plentiful hauls there. Of the twenty-four judges and clerks selected to do the work of the gang in that ward twenty-three

there is also in injection," for alding soph Pierce, allas "Frenchy," for alding in the lilegal registration of voters.

The Ninth ward also furnished its quota of the indeted and the grand jury has hardly begun investigation in that quarter yet. In precinct 52, where bullots were burned, boxes simfled and things run by the gang with a high hand, indletments were returned against six of the lidges and clerks and also against Ed Findley, who is charsed with having induced the men to do the crooted work. The indicted are Arthur Moses, allos Morrison, Bergman and Hausen, all of whom have been arrested, and three others who have left, the city and cannot now be found. In the Shannon end of the Ninth ward William D. Heydon, John Holliere and Martin Welsh have been indicted for fliegal registration and voting.

In the Sixth ward the grand Jury went back to the apring election of 18st and indicted Jorry Brostahnan and Moad B. Southard for frauds conmitted in the interests of Councilman Regan, who was a candidate against P. W. Harsafor for member of the lower house from the ward.

This completes the list of indictments up to date, but there will be others.

PRESIDENT MEYER ILL.

Hence the Park Commissioners Did Not Meet Yesterday.

Neet Yesterday.

Owing to the illness of Fresident Meyer there was no meeting of the park commissioners yesterday. Mr. Meyer sent in a message that he was not well enough to attend, and the meeting, as well as that of the charter revision committee, was postponed. The members of the revision committee were ready for final action on the amendment offered by the park board, but as it is in the hands of Mr. Meyer, the committee took an adjoirnment until Friday afternoon. At this meeting it is hoped to finish the discussion of all matters on which the committees can units, so that a meeting of the council can be called to pass on them and its a time for the special election. If the committee can conclude its deliberations in time it is probable that the mayor will be asked to call a council meeting for Saturday right.

Everybody Talking About It.

Everybody is talking about the great free offer of Dr. Greene's, the most successful specialist in curing nervous and chronic diseases, and who discovered that wonderful medicine, Dr. Greene's Nervoura blood and nerve remedy. He makes a specialty of treating patients through letter correspondence, and all who accept his offer are astonished at the marvelous success of this method. His office is at 25 West Fourteenth street, New York city, where he receives and carefully examines every letter sent to him by persons describing their cases and telling him their symptoms. After thoroughly studying each case he answers the letter, explaining the cause of each symptom and telling a sure way to get well and strong. He makes the pattents understand exactly what alls them and tells them all about their complaint, and all this is entirely free of charge. They save the expense of a trip to the city, have no fee to pay, and have the benefit of the best medical advice and consultation. "Beauty," a descendant of "Gladstone" and "Helle Beaumont," whose combined values were once placed at \$15,000. The dog had been enote placed at \$15,000. The dog had been enote placed at \$15,000. The dog had been enoted the baggage room door of the Midland hotel. Mr. and Mrs. Whitecar's carriage was at the Central station door, and Police Judge Jones consented to go with them to the pound and secure the release of the dog, which was seized contrary to ordinance, as its owners are transfents. Mrs. Whitecar was soon happy again in the possession of her pet. "Heavily is only 10 months old," said Mrs. Whitecar after the dog had been restored to her. "We have had several exciting experiences with him. In Norfolk he was poisoned, and it required hard work on the part of three physicians to save his life. Near Albany a deek hand tried to steal the animal, and Mr. Whitecar had guite a fight over it, leauty was lost in New York for several days once, and we had great trouble finding him, I think Judge Jones is a splendid gentleman to take the trouble he did in the matter." "Yes," assented Mr. Whitecar, "his kindness leaves a good impression of Kanssa City in my mind even if it has got one very tough deputy dog achieve. We would prosecute him, but we have to leave the city in the morning. We have been highly delighted with our stay in Kansas City, and with the people we have met while here, only excepting dogcatcher No. 64."

Willing to Have Bell Street Vacated.

The Metropolitan Street Railway Company filed its consent to the vacation of field street, from Twelfth to Nineteenth street, and the vacation of Sixteenth, between Bell and Genesee, yesterday. The road operates its cable and electric roads over the streets, but in consideration of the franchise provided for in the pending ordinance, by which they may run over Myoming and Sixteenth, between Myoming and Genesee, the road releases the city from all claims for damages for the removal of the tracks. The ordinance will permit the stock yards company to extend its yards over the territory between the vacated streets.

Mortuary Statistics.

Clerk Chapman, of the board of health, has prepared his report of vital statistics for the city for the month of March. The report shows that Kanisas City maintains its position as one of the healthlest cities in the world. The steath rate for the month, in spite of the prevalence of grip and preumonia, was only 12.32. During the month pneumonia, largely resultant from grip, was the prevailing cause of doath. The total number of deaths was 134, of which eighty-three were males and seventy-one females. Twenty-four persons died from pneumonia, four from diphtheria. As is usual, the greatest humber of fatalities was among the infants, thirty-five bables under I year dying, while the number of deaths between infancy and 5 years was forty-seven. Next in number was the deaths of those between 29 and 39 years, twenty-seven baving succumbed to disease. Two persons over so years were added to the mortuary column. The Tenth ward suffered most severely, twenty-nine of its inhabitants dying. The record by wards four Third ward ame; Fourth ward, twenty-dive; Fifth ward, the Sixth ward, four them, Seventh ward, thirtoen, Eighth ward, twenty-one, Nileth ward, the Sixth ward, four tenth ward, twenty-nine, and Tenth ward, twenty-nine cases of contaglous diseases were reported during the month. INDEPENDENCE ELECTION.

DEMOCRATS ELECT COUNCILMEN IN THREE OF THE FOUR WARDS.

PBrien, of the Second, the Supposed Invis cible, Defeated by His Republican Oppopent-Besult of the Ballot for School Directors.

The election held in this city yesterday resulted in three Democrats and one Re-publican being elected to the city council E. P. Gates, Democrat, was elected in the First ward. William Murin, Republican, was elected in the Second ward. In the peratic nominee, was the successful can-didate. In the Fourth ward a close finish took place with the result that I. N. Rog-ers, the Democratic candidate, was elected o the office of councilman by one vote ver M. A. Biggs. In this ward it will be necessary to have the official count be-ore Mr. Rogers can feel safe.

Yesterday's election was a comparatively ulet one. During the month but few otes were cast. There were no crowds about any of the polling places, and there was every indication that a light vote

was every indication that a light vote would be poiled.

In the First ward some spirit was shown throughout the day. This ward is considered Democratic by thirty votes. E. P. (dates, the Democratic nomines, received 125 votes, M. R. Wright, the Republican nomines 121 votes, which gave Gales a majority of 14. At one time during the afterhoon Wright's election was almost assured. The 6 o'clock trains, however, from the city brought several voters of the Democratic persuasion and the apparent victory was lost. The race made by Mr. Wright was an excellent one, considering the fact that he reduced the usual Democratic majority sixteen votes.

The Second ward redeemed itself vesterday by turning down Mr. John O'Brien, the Democratic nomines. The Second ward has a Republican majority of 125. Mr. O'Brien, who was defeated yesterday, is accredited with carrying a "rabbit's foot for the reason that this is the first time in years that he has met defeat. For several years he has represented the ward in the council, notwithstanding the fact that he was a Democrat. Mr. Martin, the successful candidate, received 62 votes and Mr. O'Brien 83. This gave Martin, a majority of 23.

In the Third ward A. J. Bundschu, the

cessful candidate, received fig votes and Mr. O'Brien SI. This gave Martin a majority of 73.

In the Third ward A. J. Bundschu, the Republican nominee, was defeated by W. A. Cunninghim by 46 votes. The Third ward is the banner bemocratic ward of the city. It has always given a majority for the nominee of the Democratic ward of the city. It has always given a majority for the nominee of the best races in the city. During the Meridian was a second of the best races in the city. During the mering Mr. Cunningham polled his heaviest strength. During the afternoon Mr. Bundschu climbel the ladder and showed his hustling qualifications. From 2 o'clock on until the polls closed Bundschu gained steadily, but did not receive a sufficient number of votes to overcome Cunningham's lead.

M. A. Biggs, the Republican nominee, was beaten, according to the face of the returns, by one vote. It will be necessary to have an official count before Mr. Rogers can safely say that he was elected. The vote in his ward stood 128 for Bigs and 129 for Rogers. The political history of this ward was repeated yesteriay. Candidates who have been successful in this ward slaways won by narrow margins. Two years ago Mr. Blankenship, the Republican nominee, was elected by a close vote over his opponent. Mr. Biggs, although defeated has every reason to be proud of the race he made. Sickness in his family deterred him from entering into the campaign until quite late and for this reason he was handleapped.

R. D. Wirt and J. G. Paxton were elected school directors yesterday for the ensuing two years. There were three candidates in the field. Mr. Wirt find no opposition. In the case of Mr. Paxton it was different, lie had a fight on his hand from start to finish. The school board election in some respects overshadowed the municipal voring. In the First ward the vote stood: Wirt, 185; J. G. Paxton, 197; A. M. Woodson, 125. Paxton's majority over Woodson, 125. Paxton's majority over Woodson, 22.

In the Second ward the vote on school directors stood: R. D. Wirt, 28; J. G. Paxton, 135; A. M. Woodson, 123. Paxton's majority over Woodson was 12.

In the Third ward the vote stood: Paxton, 154; Wirt, 189; Woodson, 120.

In the Fourth ward Paxton received 120 votes; Wirt, 186, and Woodson, 127. Woodson's majority over Woodson was majority over workson, 29.

votes; Wirt, 18c, and Weodson, 127. Woodson's majority over Paxxon, 7.

School Superintendent.

Considerable interest was manifested in the election of a superintendent of public instruction to succeed D. I. Caldwell. Mr. Caldwell has held the office of school commissioner constantly for the past twenty-flive years and signified his intention to retire some months ago, owing to the fact that he was becoming old and infirm. Five candidates were soon in the field for the honor and office. The candidates were: W. W. Brownfield, S. M. Barrett, G. A. Webb, J. W. Davis and W. H. Stahl.

The election was held yesterday in precincts outside of Kansas City. Only the returns from Independence are complete so far. Elections were held in every school district in the county and according to the school law the indise have two days within which to file returns. Independence was the hattle ground vesterday all the candidates in the field being in the city hert on missionary work. When the polis closed last night the result in the Independence district was as follows:

S. M. Barrett.

W. W. Brownfield.

S. M. Barrett.

W. W. Brownfield.

W. H. Stahl.

The result gives Harrett a small margin of 21 votes over Brownfield. It was thought

Workhouse Prisoner Escapes.

Joseph Davis, alias Boyle, who was committed to the workhouse on March 2 for 200 days on a charge of vagrancy, made his escape yesterday morning while at work in the workhouse garden. Guari Morris saw him when he ran, but was afraid to fire for fear of hitting other prisoners who were near Davis' course of flight. The fugitive soon turned a corner and was lost to sight. Morris did not attempt to follow him for fear that there might ensue a general stampede on the part of the prisoners at work in the garden. Davis has a bad record. He has been imprisoned before for various offenses, and prior to his incarceration on March 2 was conjected, it was believed, with several East side robberies.
